Ordering Information

A valid Stocking permit from the ME Department of Inland Fisheries and Wildlife must be obtained before the date of fish pick up. **You must present this permit to the Game Warden in order to pick up your fish the day of the sale.** To obtain a stocking permit, please contact IF&W at the number below, call the District office, or visit our web site: www.ellsworthme.org/soilandwater. Any permitting questions must be directed to IF&W at (207) 287-5202. Please allow IF&W two weeks to process your application.

It is extremely important that your fish are picked up at noon. The oxygen bags can only support the fish for a limited time, late in the afternoon the fish may begin to suffocate. We want your fish to make it to their new home safely. **Any fish not picked up by 2:00pm will become the property of HCSWCD and refunds WILL NOT be issued.**

For stocking number recommendations, please visit our website or call the District office at 667-8663.
